

## RETHINK – Year Opening

September 16, 2009

### Discussion

Welcome back the group and any new students!

**Circle up** and have everyone say a few things about their summer for the group. [may include full names, grades, vacations, jobs, favorites time, etc.]

After everyone has gone, have the students fill out the “**Information Card**” for you as a leader to have as a reference.

☞ **Finish** by having one of the older students lead a brainstorming session for your year (group goals, possible activities, projects, etc).

End by coming up with ways that you as a group can grow together as a grow and grow spiritually. Have a couple **pray**.
